

TAHA SALAM HAMEED

Baghdad/IRAQ - 07871203239

JUNIOR WEB DEVELOPER | FRONT-END LEARNER

Junior Front-End Developer with a technical background in computer systems, skilled in HTML5, CSS3, and essential JavaScript (DOM Manipulation). Dedicated to building clean, responsive web layouts and eager to join a tech-driven environment to expand my skills and contribute to functional web experiences.

TECHNICAL SKILLS

- Core Web Technologies: HTML5, CSS3, JavaScript (Fundamentals & DOM Manipulation).
- Styling & Layouts: Responsive Web Design, Flexbox.
- Tools & Environment: Visual Studio Code (VS Code), Browser Developer Tools.

PRACTICAL PROJECTS

Personal Web Portfolio

- Description: A responsive personal portfolio website built to showcase my learning journey, skills, and background.
- Technologies Used: HTML5, CSS3, JavaScript.
- Key Features: Built structure and styling from scratch, implemented basic DOM interactivity (such as language switching and smooth navigation), and optimized layout for mobile/desktop devices.

EDUCATION & SELF-LEARNING

Vocational Secondary School Diploma – Computer Assembly & Maintenance

- **Practical focus on computer hardware, maintenance, and operating systems.**
- **(Preparing to pursue a Bachelor's Degree in CS / IT)**

LANGUAGES

Arabic: Native

English: Upper-Intermediate

Turkish: Fluent
